SPRING 1956

Scotts® Lawn Care Products
the way to lawn success.

Spring Lawn Program

1. **Liming** — Every year or two except in soils definitely alkaline. Use SCOTTS SOIL IMPROVER to give benefit of liming plus adding valuable soil elements.
2. **Turf Builder** — Every lawn needs an early spring meal at 10 lbs per 1000 sq ft to provide sparkling, vigorous growth. Economical — half as much TURF BUILDER does twice the job of ordinary fertilizers. Only one pound needed to feed 100 sq ft.
3. **Clean Off Debris** — Prior to seeding rake off matted leaves, trash and branches that prevent contact of seed with the soil. Use broom type rake or close set lawn sweeper.
4. **Seeding** — If the grass is thin, give the lawn a light rate general seeding. Where only occasional bare spots, loosen soil a bit so seed stays in place, does not blow away. For best results, tall tangled grass should be mowed prior to seeding.

Scotts Professional Materials for professional lawners

A Scott Seed For Every Turf Need —

For the ultimate in picture lawn beauty or the rugged grasses needed for recreation areas — that's the range covered by Scotts Lawn Seed Blends. Select the Scotts Seed Blend for the job to be done — beauty, utility or both.

Easy to Apply Dry Materials.

Everything needed to keep lawns looking their best is available in Scotts and in the easily applied dry form. No need to worry about sprayers, sprinkling cans or oil tanks. Just fill the hopper of a Scott Spreader, set to prescribed number, push it across the lawn — put it down accurately.

Accurate and Economical Lawn Spreading

First step in lawn economy. With a Scott Spreader anyone can do an expert job of seeding, feeding and weeding. Savings in material on just a few jobs will more than pay for the investment in a new spreader.

Spring 1956 Retail Prices

Now 3 Blends of Scotts Lawn Seed
- - - One for Every Turf Need

Scotts® LAWN SEED

Deluxe Blend

The leader in quality and performance for almost half a century. This blend of Scotts Seed contains the best of the proven lawn grass varieties for full sun or moderate shade. All perennial grasses — 99.91% weedfree. Contains 70% Kentucky Bluegrass. Choice of those who desire the ultimate in lawn beauty. Economical — one pound sows 500 sq ft of new lawn.

Rate: 2 lbs per 1000 sq ft - 88 lbs per acre.

1 lb - \$1.65	25 lbs - \$ 38.75
5 lbs - \$7.95	100 lbs - \$149.00

Special Blend

Selected Scotts Seed Blend of triple cleaned, sturdy varieties that combine beauty and service. All fine bladed varieties — 100% perennial grasses. Suggested for use in deep shade as well as full sun — especially where summer moisture is apt to be restricted.

Rate: 4 lbs per 1000 sq ft - 175 lbs per acre.

1 lb - \$1.25	25 lbs - \$ 29.50
5 lbs - \$5.95	100 lbs - \$115.00

Utility Blend

The new Scotts Blend produces the "can take it" lawn. Rugged, wear-resistant grasses of broader texture that withstands heat and drouth. Suggested for play areas, parks and situations where good grass covering is needed in a hurry.

Rate: 6 lbs per 1000 sq ft - 250 lbs per acre.

1 lb - \$.95	25 lbs - \$23.50
5 lbs - \$4.75	100 lbs - \$89.00

Select The Seed Blend
For Lawn Conditions
- - - results desired.

Scotts Bentgrass

This is top quality seed for the putting or bowling greens, formal gardens . . . show plazas. Thrives under close clipping when well fed and well watered.

1 lb - \$1.95	5 lbs - \$9.35	25 lbs - \$44.85
---------------	----------------	------------------

CLOVEX®

The easy economical way to add Clover to the lawn. CLOVEX is the very best quality Clover Seed in a special organic carrier that makes it possible to sow seed evenly and sparingly.

Box, 1000 sq ft - \$1.85

Scotts Bluegrass Blend

A blend of the best bluegrass varieties for those who desire an attractive turf of a single grass variety. Recommended for minimum traffic areas. Especially good for strengthening the established lawn.

Rate: 2 lbs per 1000 sq ft - 88 lbs per acre.

2 lbs - \$3.25	25 lbs - \$ 38.75
5 lbs - \$7.95	100 lbs - \$149.00

Scott's® LAWN SEED — "Deluxe"

Leader in quality and performance for almost half a century. For the ultimate in picture lawn beauty in sun or shade. Triple cleaning plus rigid laboratory control assures 99.91% weed-free quality. Millions of perennial seeds in each pound that plants 500 sq ft (25 x 20 ft).

Scott's LAWN SEED — "Special"

Selected blend of grasses that combine beauty and service. Suggested for drier soils, deep shade as well as full sun. Free from coarse grasses and annual varieties. One pound plants 250 sq ft (25 x 10 ft).

Scott's LAWN SEED — "Utility"

Produces the quick lawn of rugged grasses... broader blades that provide a wear resistant cushion of turf. For sun or shade... level or sloping. One pound plants 150 sq ft (15 x 10 ft).

Scott's Bentgrass — Seed used by golf clubs for putting greens. One pound sows 500 sq ft.

Scott's Blend of Bluegrass — A combination of the best varieties of Bluegrass including Merion and Poa Trivialis. It is made available for those who want to plant Bluegrass by itself.

Clovex® — The best quality White Clover Seed in a special organic carrier.

Turf Builder® is the complete grassfood, proven lawn safe by millions of users for 28 years. Formulated by Scott's especially to keep lawns healthy, vigorous and sparkling green. It costs so little per lawn — half as much Turf Builder does twice the job of ordinary fertilizers.

Organic — All-natural plant food that's as friendly and kind to lawns and plants as the morning dew. Excellent for feeding rose beds and flowers and vegetable gardens.

Scott's Spreaders — These handy carts enable the amateur to do a quick, accurate job of feeding, weeding and seeding. All of sturdy steel construction, rubber tired. Hang up in garage when not in use.

Scott'sWand & Touch Combo — Spot treat broadleaved weeds with TOUCH. Insert can COPE to control insects. See back page.

KANSEL — Control for Clover and Oxalis. Use handy shaker can to control poison ivy, poison oak, honeysuckle. See back page.

4-XD® Weed Control — Clean, granular compound of 2,4-D, quickly cleans out Dandelions, Plantain, Buckhorn, other broadleaved weeds without harm to grass.

Weed & Feed — Unique compound combining 2,4-D and fertilizer that simultaneously kills broadleaved weeds as it feeds grass to greater health and beauty. Excellent for restoring run-down lawns.

Scutl® Crabgrass Control with three important uses as a Lawn Treatment: (1) specific control for Crabgrass (2) destroys seedling sprouts of weeds and grasses (3) curbs damage of fungus diseases. Repeat treatments required.

Scott's Pest Control — Effectively protects lawns from damage by Beetle Grubs, Chinch Bugs, curtails activities of Chiggers, Ants. Dry formulation of 9% active Chlordane.

Lawn Care Books — Digest of issues available in New Book Edition or pocket edition.

Box, 2500 sq ft - \$1.75
11,000 sq ft - \$4.85

Weed & Feed — Double benefits—feeds grass as it kills weeds. 50 x 50 ft lawn - \$2.95

To Improve Growing Conditions

It takes more than good seed to make a successful lawn planting. In addition to good physical soil properties, there must be sufficient soil nutrients to support vigorous grass growth, a favorable soil pH and a lawn free from damaging insects.

You can insure good results by taking the following steps on each new lawn project:

- 1) Check the soil for lime requirements.
- 2) Use TURF BUILDER generously before any new seeding or reseeding.
- 3) On established lawns use SCOTT'S PEST CONTROL to thwart turf damaging Beetle Grubs, Chinch Bugs.

TURF BUILDER® — the original specific grass food provides just the right nourishment for strong, vigorous growth, sparkling beauty. America's No 1 grass food for over 28 years. TURF BUILDER costs so little per lawn — half as much does twice the job of ordinary fertilizers. As little as 1 lb per 100 sq ft provides generous feeding.

Rate: One pound per 100 sq ft - 450 lbs per acre.

50 lbs - \$3.95

500 lbs - \$ 35.00

100 lbs - \$7.85

2000 lbs - \$125.00

Scott's Organic — All natural plant food that's as friendly and kind to plants as the morning dew. Especially recommended for hot weather feeding of lawns. Also excellent for feeding rose beds, shrubs, and flower gardens.

See next page for Scott Spreaders — Precision machines for seeding, feeding, weeding.

EVEN and EXACT Lawn Spreading.

With a Scott Spreader, everything needed to make a lawn better can be applied as a dry material. No fussing with solutions, sprinkling cans, sprayers or oil tanks.

Not necessary to weigh or measure or even think about the rate. Average workman sets the easy reading scale with a twist of the dial, fills the hopper and walks over the lawn — the job is done evenly and accurately.

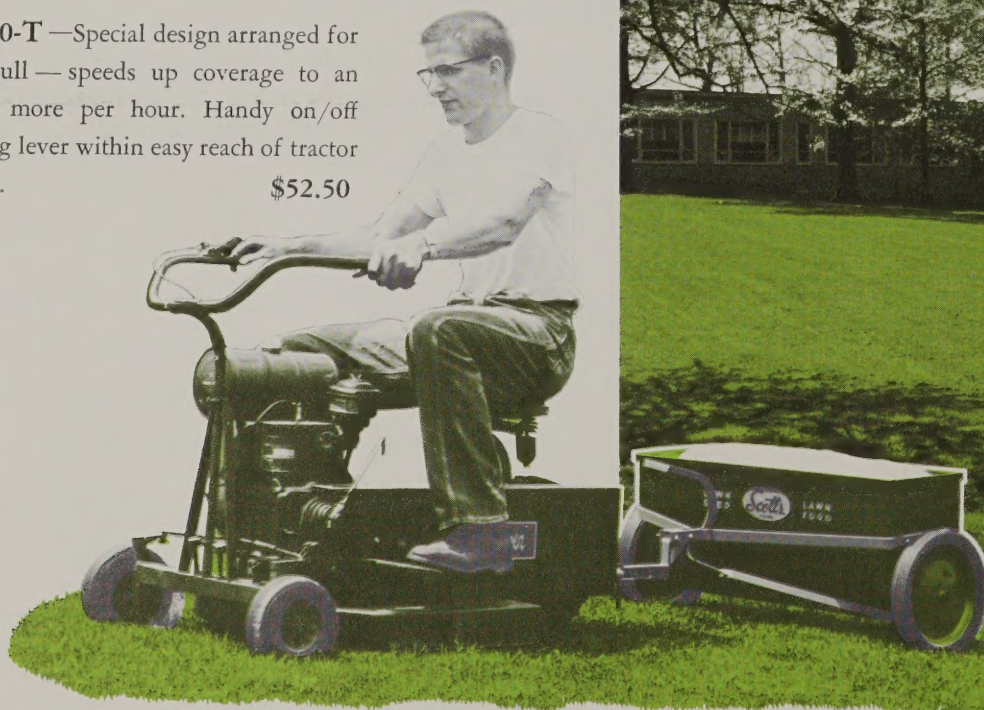

No 25 — Designed for use on small areas. Spreading width 17 inches. Hopper capacity to treat 2500 sq ft with one filling. **\$12.85**

No 65 — Spreading width 23 inches, ideal for the moderate sized lawn. Average workman easily treats 18,000 sq ft per hour. Good for one man operation where moving from job to job. **\$19.50**

No 100 — (Illustrated) Spreading width 36 inches. Designed for use by landscapers to cover large areas without the need for frequent refilling. One person easily spreads one-half acre per hour. Semi-pneumatic tires. **\$44.50**

No 100-T — Special design arranged for power-pull — speeds up coverage to an acre or more per hour. Handy on/off operating lever within easy reach of tractor operator. **\$52.50**
